#### Historical Sketch.

St. Michael's College and High School, under the direction of the Fathers of St. Edmund, was founded in 1904 by the Very Reverend A. Prevel, S. S. E. On September 29th of the same year, the first classes were formally opened under the patronage of Rt. Reverend J. S. Michaud, D. D., Second Bishop of Burlington, Vermont. The first building was of very humble proportions and could barely accommodate fifty to sixty students. It soon, however, proved insufficient for the increasing number of students, and, in 1907 and 1909, additions as well as improvements were made on the original structure. The two short decades of St. Michael's history bespeak years of toil, of courage and perseverance. Her continued progress in the curriculum of studies, in the number of professors, in the material welfare of her students has secured for her a rank of high standing among the Catholic Institutions of the Country.

## Incorporation.

On January 28, 1913, St. Michael's College was incorporated by an act of the Legislature of the State of Vermont and empowered to grant the usual College Degrees. The following is an extract from the Act of Incorporation, which was signed by Governor A. M. Fletcher:

"It is hereby enacted by the General Assembly of the State of Vermont:

"Section 1. Ernest M. Salmon, Daniel J. O'Sullivan, John F. Audet, Theophilus M. Aubin, Eugene Alliot, William Jean-Marie, and Victor Nicolle, their associates and successors, are hereby created a body corporate and politic by the name of St. Michael's College, for the purpose of maintaining instruction in the various branches of learning generally taught in Colleges, and as such shall have perpetual succession, may sue and be

sued; may plead and be impleaded; may have a common seal and alter the same at pleasure; may take and hold, by gift, grant, devise, bequest, or otherwise, real and personal estate, and shall have all other rights and powers of corporations.

"Section 3. Said Trustees may elect a President, Secretary, Treasurer, Professors, Instructors, and any other necessary officers, prescribe their duties and tenure of office, and may confer such honors and degrees as are usually given in Colleges."

#### Location.

St. Michael's College is situated on one of the foothills of the Green Mountains, about two miles from Lake Champlain. In close proximity is the Fanny Allen Hospital, under the direction of the Sisters of St. Joseph. Though located in the country, the College can be readily reached by trolley either from Burlington and Winooski or Essex Junction. Pure air, thorough drainage and extensive grounds are advantages not easily obtainable in a city and which make St. Michael's an ideal home for young men. A farm of 90 acres is connected with the Institution, thereby providing fresh and wholesome supplies.

## Buildings.

The New Hall. This semi-fireproof building was erected in the year 1923-24. In the main portion are found the offices of the Registrar and Prefect of Discipline, the Teachers' Room, Recitation Rooms, Music Rooms and Chemistry Laboratory. The West wing is exclusively reserved for the Chapel and Gymnasium.

The OLD HALL. This structure comprises, on the first floor: the dining-hall, club and reading room, the library, locker and trunk rooms; the three upper floors are occupied by private rooms and dormitories.

St. Edmund's Hall. This Hall, purchased in 1914, stands

on well-wooded grounds of some six acres in extent, about 100 yards across what is known as the "Park." This house forms a quiet and secluded residence for students aspiring to the Society of St. Edmund.

PREVEL HALL. Bought in 1919 and named after the Founder, this residence is exclusively reserved for members of the Faculty. It is situated a few steps across the street from the College proper. Adjoining is a tract of land of 26 acres sloping to the banks of the Winooski River.

## Moral and Religious Training.

The aim of the College would not be attained and a young man's education would be far from complete were the authorities to limit their efforts to the imparting of knowledge while overlooking the development and the perfecting of moral nature in its entirety. The heart must be elevated, the will must be strengthened, there are powers of the soul that must be drawn out. The rule is the great factor in this moral training. Hence, a firm, yet parental supervision is exercised over the students, in the observance of the laws of good order, propriety and morality. St. Michael's constitutes a large family where professors and students live in daily relations, not only in class but also in recreation and College organizations. The teaching of Christian Doctrine and other religious advantages, such as daily Mass and the frequentation of the Sacraments (at least once a month), contribute not a little towards the formation of a genuine Christian spirit and character. Severe measures are resorted to only when kind admonitions are unavailing. Persistent insubordination, dishonesty and immorality, habitual negligence of studies would necessitate withdrawal from College. The rules of the College are explained to the students at the beginning of the scholastic year, and a copy of the "Student's Guide" is furnished each one on entering.

### Physical Training.

The College authorities have at all times encouraged and fostered sports and athletics, fully aware that physical exercise is greatly beneficial to health and efficiency. An extensive campus adjoining the College, affords ample opportunity for all the students to take part in games and sports: there is a football gridiron, baseball grounds, tennis courts, a skating rink. None of the sports are indulged in to such a degree that studies are neglected. A member of the Faculty has the supervision of all athletic activities. A class of physical education is held four times a week at the close of the afternoon sessions. The work consists in calisthenics, setting-up exercises, marching and the elements of military drills.

### Holidays.

The ordinary holidays are Sundays, Feast Days of obligation, every Wednesday from noon until 5.00 p. m., National holidays and other days designated in the College calendar. A vacation of at least a week is granted at Christmas and Easter. Thoughtful parents will not request their sons' absence during class hours, and especially will they refrain from asking for an extension of holidays. Absence from class hampers a student's progress, annoys the teachers, and is even unfair to other students. Should, however, parents deem it necessary to make such a demand, they should correspond with the President or the Prefect of Discipline. Visiting days are Sundays, Wednesdays and Saturdays in the afternoon.

#### Recitations.

The morning recitations are from 8.30 to 11.50; the afternoon recitations from 2.00 to 3.40. Day Students are requected to bring a note to their teachers or to the Prefect of Discipline

after an absence from recitations. Unless excused by the Prefect of Studies, no student is exempted from the Physical Training Class at 3.40 p. m.

## Reports and Examinations.

Every week a report is given to the students of the High School of the marks merited in recitations, tasks and deportment. Monthly marks for lessons and tests are given to both the College and High School Students. These marks are taken into account at the two general examinations—the mid-year at the end of January, and the final, in June. Those who fail in a regular examination are granted another at a date to be determined by the Prefect of Studies. A report of scholarship is sent to parents or guardians after the general examinations. Should they fail to receive this report, another may be secured after notification sent to the Prefect of Studies. Parents are notified at the middle of each semester whenever their sons' scholarship is below the required average.

#### Honors and Prizes.

Honor Testimonials are awarded every month to deserving students: the "First Order" Honor Card is granted for a standing of Grade A (85 per cent and above) in both studies and discipline; the "Second Order" Honor Card, for a standing of Grade B (70 per cent to 84 per cent) in both studies and discipline.

Prizes are awarded on Commencement Day to deserving students for proficiency in studies, application and deportment. In the College Course prizes are offered for competition. In the High School, a prize is awarded to a student of each of the four years having the highest average in his class, mention being made of the subject in which he excelled. A special prize is also

granted for the winners in both the Senior and Junior contests in Elocution. Honorable Mention is made of the next best candidates for all the prizes.

The above-mentioned prizes are subject to special rules which may be found in the "Student's Guide." Among the rules that may debar a student from the right to class honors and to a prize are the following: failure to report at the appointed time after vacation or a holiday; less than a year's residence at College.

## Registration.

Registration for the first semester will be held on Tuesday, September 8, 1925, morning and afternoon until six o'clock. A fee of two dollars (\$2) will be charged for registration made after this date. Candidates should send their certificates to the Prefect of Studies before September 1.

### Scholarships—Bequests.

Well-informed people are fully aware that our Educational Institutions are mainly supported by the sacrifices of Catholics. St. Michael's College is no exception. It is not without reason that a standing appeal is made to all who have been favored with this world's goods. Bequests, scholarships and funds of any kind are accepted by the Fathers of St. Edmund as a sacred trust for the furtherance of education at St. Michael's College.

The Directors of the College acknowledge with deepest gratitude the following full or partial scholarships which enable them to make reductions for board and tuition:

The Rev. C. E. Prevost Scholarship (income on \$5,000), founded in 1918, limited to a deserving student of Sacred Heart Parish, Bennington, Vt.

- The Rev. Norbert Proulx Scholarship (income on \$5,000), founded in 1923, limited to a deserving student of St. Joseph's Parish, Burlington, Vt., or of Sacred Heart of Mary Parish, Rutland, Vt., or of Sacred Heart of Jesus Parish, West Rutland, Vt., or of Our Lady Star of the Sea Parish, Newport, Vt.
- The Rev. J. F. Audet Scholarship (interest at 5% on \$500) founded in 1906, by the late Father Audet of Winooski, Vt., is limited to a needy candidate of St. Francis' Parish, Winooski, Vt.
- The Rev. J. F. Audet Scholarship (interest at 4% on \$2,500), founded in 1917, by the late Father Audet of St. Francis' Church, Winooski, Vt.; limited to competent student or students of St. Francis' Parish, Winooski, Vt.
- The Rev. Wm. Lonergan Scholarship (income on \$1,000), founded in 1919, limited to a deserving student of the Holy Innocents' Parish, Rutland, Vt.
- **The C. O. F. Scholarship** (\$250 per annum), founded in 1914 by the State Court Catholic Order of Foresters, good for two years of the College course, limited to a student of Vermont who is a candidate for the priesthood. A Forester's son is given preference.
- The Fathers of St. Edmund have in past years established several scholarships for High School or College students, limited to the young men who propose to devote their lives to the work of the Church in their Society.

Applicants are requested to communicate with the Rev. President regarding the conditions on which the above scholar-ships are awarded.

## Observations.

1. Accounts are payable half-yearly, strictly in advance. If payment is deferred without satisfactory understanding with the Rev. President, interest is added and the student may be discharged from the Institution.

- 2. No discount on semester charges is made on account of lateness of arrival, absence or departure. In case of sickness, however, board alone may be deducted for an absence of at least four school weeks. No deduction for tuition is made if a student arrives late or leaves college before the end of the term. Athletic and Library fees are not returnable.
- 3. No students shall be granted any Degree, Diploma or Credits, whose account with the college has not been settled.
- 4. No student is allowed to resume his studies in the Fall if dues of previous year have not been paid.
- 5. Books and class supplies are charged to the students. Some books may be rented.
- 6. Extra charge is exacted for mending and repairing of outer clothing.
- 7. Physician's fees and medical expenses must be paid by the students.
- 8. Students are expected to pay for any damage done through their negligence to the furniture or other property.
- 9. There is a limited number of private rooms, reserved chiefly for students in the Collegiate Department. A deposit of \$5. must be made to the Treasurer on or before August 1.
- 10. The College does not assume the responsibility for money, or any other object at the student's disposal, unless deposited with the Treasurer; or for any article lost through fire or any other accident.
- 11. Parents are requested to entrust the Treasurer with any money intended for the personal use of their sons. No money will be advanced for this purpose, as we prefer to leave the matter entirely and directly between the parents or guardians and the students.
- 12. Boarders are required to furnish their own towels and napkins, as well as a complete set of toilet articles. Every one

should have, on entering, at least two suits of clothing, one for daily wear, and one for Sundays. It is also desirable that students be supplied with two pairs of shoes, a pair of rubbers, one overcoat, and a sufficient number of shirts, underwear, socks, handkerchiefs, etc. All linen should be marked with the student's name.

- 13. Letters, books and packages are subject to inspection at their arrival and departure. They must be prepaid. No book, periodical or newspaper may be circulated in the College without due approbation.
- 14. Students having a written permission from their parents may be allowed to smoke; no permission is required for those over 18 years of age. Cigarettes are not allowed.
- 15. Students are not permitted to remain at College during the Christmas and Easter holidays.
- 16. Are admitted as day-students only those who reside at home, or with immediate relatives, or with guardians.

## Requirements for Admission.

Students may be admitted to Freshman standing in the Collegiate Department of St. Michael's on the following plans:

(a) Admission by Certificate.—Candidates are admitted to Freshman standing on presentation of certificates signed by the proper authorities, showing that they have completed a four-year course in an approved high school.

Such certificates, however, must represent a total of at least fifteen units of work, and must include the following: English, three units; Modern Language, three units; Latin, four units; Greek,\* two units; History, one unit; Algebra, one unit; Plane Geometry, one unit.

The term *unit* means the equivalent of five recitations a week for one year of at least thirty-six weeks, in one branch of study. Two periods of laboratory work are counted as the equivalent of one recitation.

Application blanks, which may be obtained from the Prefect of Studies, must be filled out and signed by the Principal of the school which the candidate has attended. Students must also present with their application blank a certificate of good moral character, signed by some responsible person, preferably by their parish priest.

(b) Admission by Examination.—Candidates not presenting approved certificates may be admitted upon examination. Examinations will be given upon the work detailed in the High School Department. Candidates for admission by examination must meet the same specific requirements as those for admission by certificate.

<sup>\*</sup>Students who have not had Greek, but who are otherwise qualified, are offered a special course during the Freshman year. They must, however, complete the prescribed course in Greek before graduation.

**Advanced Standing.**—Candidates for admission from other colleges must bring certificates of honorable dismissal. Such candidates will be allowed credits obtained at other colleges.

Courses of Studies.—All students must follow the full schedule of their class as outlined below.

Following is the list of subjects with the corresponding number of periods a week or credits allowed for each subject for a semester. Two laboratory periods are rated as equivalent to one lecture or recitation period.

Physical Education 1	Physical Education 1		

### Grades.—Grades are recorded as follows:

- A. No subject below 60%, 10 credits of grade 85%.
- B. No subject below 60%, 10 credits of grade 70%.
- C. 20 credits of passing grade (60%); 10 credits of grade 70%.
  - D. Failure to obtain grade C.

The lowest passing grade in any subject is 60%. A semester average below 60% is not recorded and, therefore, does not secure any credit for the work of that term in the given subject.

A condition may be removed and credit secured by special examination upon the work of the semester. A fee of \$1 for

each examination must be paid to the Prefect of Studies before application for such special examination will be accepted.

Monthly Marks.—In the course of every month, a test is given by the teacher in each subject, and the percentage recorded. It may be given in several parts.

The percentages of the monthly tests are recorded as monthly marks. The teacher may include the marks of some (or all) of the lessons and tasks of the month with those of the test to make the monthly marks. In this case the class should be notified in advance.

**Examinations and Records.**—At the end of each semester, in January and June, *regular examinations* are held on the program assigned for the semester in each subject. They may be written, oral, or both.

The examination mark in a given subject is combined equally with the average of monthly marks to determine the half-year mark, or term average, in that subject.

The term averages are recorded separately, and no yearly average is taken. The *credits* of the different terms are added to make the total number of credits.

A 90% average of monthly marks in a subject dispenses from the examination in that subject.

Members of the Senior class are dispensed from the June examination in any subject of the class for which a 75% average of monthly marks has been obtained during the term.

When the examination is thus dispensed with, the average of monthly marks is recorded as term average.

Re-examinations are granted in December and April to students who failed in the regular semi-annual examinations, provided the monthly marks average at least 50%. Applications should be made to the Prefect of Studies before November 1st and March 1st, and should be accompanied by a fee of \$1 for each subject.

The mark obtained in a successful re-examination is substituted for the final mark of the semester.

**Promotion.**—A class standing of grade B is required from the Freshmen and Sophomores, each term, for regular promotion. Grade C only is required half-yearly, of the Juniors and Seniors.

Conditional promotion may be allowed on a standing of grade C, for Freshmen and Sophomores, but conditions must be removed within the year.

**Graduation.**—At the end of four years of studies in the College Department, the degree of Bachelor of Arts is conferred upon the candidates who have satisfied all conditions required each term for promotion.

Honors and Awards.—At the monthly reading, Honor Cards are awarded to deserving students.

The First Order is awarded for a standing of grade A in both studies and discipline.

The Second Order is awarded for a standing of grade B, at least, in both studies and discipline.

A few prizes are offered for competition every year. Candidates should have attained at least standing C in the first term (including April re-examination) and an average of 80% in the designated subject, and should maintain such standing until the June examinations. The special rules and modes of competition are published when the contests are announced. A satisfactory paper from any candidate for the prize exempts the writer from the examination on the subject.

### COURSES OF INSTRUCTION.

#### BOTANY.

1. General Botany.—This course is adapted to a general education or to the requirements of advanced work. It treats of the morphology and physiology of leaves, stems, roots, flowers, fruits and seeds, and also of the kinds and relationships of plants. Laboratory work, in the laboratory and out of doors, comprises a systematic study of types of plants. Text, Ganong, Botany for Colleges. Five hours, second semester. Required, Pre-Medical 1. Elective to Juniors.

#### CHEMISTRY.

Course 1.—(Three lecture or recitation periods a week.)
General Chemistry. Inorganic Chemistry.

The aim of this course is to acquaint the student with the fundamental principles of chemistry. It includes a study of matter and energy, oxygen, hydrogen, properties of gases, laws of chemical combination, equations and calculations, the atomic theory, ionization, solutions, equilibrium, the periodic law, molecular weights, flames, explosions, thermochemistry, non-metals, metals, and compounds of carbon.

Text-book, "A Course in General Chemistry," McPherson and Henderson. Reference-books, "General Chemistry for Colleges," Alexander Smith; "College Chemistry," Remsen; "Inorganic Chemistry for Colleges," Newell.

Course 2.—(Two periods of two hours each throughout the year.)

Inorganic Laboratory.

This laboratory course accompanies Course 1. It allows the student to gain a practical knowledge of laboratory methods and by means of experiments, to understand the chemical behavior of the metals and non-metals.

"Laboratory Manual of General Chemistry," McPherson and Henderson.

Course 3.—(One lecture or recitation period and two laboratary periods of two hours each throughout the year.)

#### Analytical Chemistry, Qualitative.

This course aids the student to detect the presence of substances studied in General Chemistry. It consists of Acid, Basic, and Dry Analysis.

Basic analysis acquaints the student with means of detecting metals in solution. Acid analysis furnishes tests for the mineral acids and some of the organic acids. Dry analysis includes the study of metals, alloys, and non-metallic compounds.

Text-books, "Basic-Acid-Dry Analysis," George L. Coyle, S. J. "Qualitative Chemical Analysis," McGregory.

Course 4.—(Two lecture or recitation periods and two laboratory periods of two hours each throughout the year.)

#### Organic Chemistry.

This course is provided for students who wish to prepare for medicine. It comprises the study of the paraffins with derivatives, alcohols, acids, aldehydes, ketones, ethers and amines, carbohydrates, proteins, and dyes. The laboratory course affords the student a practical knowledge of the preparation and properties of organic compounds.

Text-books, "Outlines of Organic Chemistry," Moore; "The Carbon Compounds," Porter; "Textbook of Organic Chemistry," A. E. Holleman.

Laboratory Manual, "Experiments in Organic Chemistry," F. J. Moore.

#### ECONOMICS.

1. Political Economy.—The purpose of this course is to present a general view of political economy with its various topics and problems, so as to enable the student to understand the political and social questions that form matter of daily discussion. Text, Burke, Political Economy. Three hours. Elective to Seniors.

#### EDUCATION.

1. Principles of Education.—General methods of teaching in high schools and elementary schools form the basis of this study. Such subjects as economy in classroom management, the selection and arrangement of subject-matter, acquiring motor control, associating symbols and meanings, automatizing motor and mental associa-

tions, reflective thinking, training in expression, self-activity and apperception, supervised study, the use of books, conversational methods, laboratory methods, the art of questioning, etc., are discussed. These general methods are supplemented by practice work in the high school department. Three hours, first semester. Elective to Juniors.

- 2. History of Education.—Education of the ancients, Christian education, and education in modern times, are discussed in this course with the aim in view of applying what is best to the present needs of instruction in high school and elementary school. Three hours, second semester. Elective to Juniors.
- 3. Philosophy of Education.—A study of the facts, principles and theories which serve to determine the nature of the educative process in order to give to education a broader and deeper significance. Three hours, first semester. Elective to Seniors.
- 4. General Psychology.—This course comprises the study of the faculties of man, vegetative life, sensitive life, external and internal senses, sensitive appetite, intellectual life, intellect agent and patient, will, liberty, origin of ideas, nature of man, human soul, its simplicity, its spirituality, union of body and soul, origin of man, of his body, of his soul, future life, immortality of the human soul, resurrection. Seven hours, second semester. Seniors.

#### ENGLISH.

1. Rhetorical Composition.—One hour. Freshmen.

First Semester—Versification, Coppens V and VI; nature and divisions of Poetry; practice of writing verse. One paper each week.

Second Semester—Literary Criticism, Coppens III and IV, with special reference to the English Drama, the English Novel, and the treatment of History. One paper a week.

2. Oratorical Composition.—One hour. Sophomores.

Coppens: Principles and practice of oratorical composition discussed and applied. Study of British and American orators and comparison with the oratory of other nations. One paper a week.

3. English Literature.—Two hours. Freshmen.

First Semester—The Meaning of Literature. The Anglo-Saxon Period. The Anglo-Norman Period. The Age of Chaucer. The

Revival of Learning. The Age of Elizabeth, as far as Shakespeare's Contemporaries and Successors in the Drama. Reading and Study: Shakespeare, King Lear; Chaucer's Prologue, studied in detail. General survey of the English Theater and comparison with Dramatists of other nations.

Second Semester—The Age of Elizabeth, from Shakespeare's Contemporaries and Successors in the Drama. The Puritan Age. Period of the Restoration. Reading and Study: Goldsmith, She Stoops to Conquer; Milton, Paradise Lost, Books I and II studied in detail, general survey of Books III to XII, comparison with other great epics. General survey of English Poetry.

4. English Literature.—Two hours. Sophomores.

First Semester—Eighteenth Century Literature. The Age of Romanticism, as far as Prose Writers of the Romantic Period. Reading and Study: Shakespeare, Othello; Cardinal Newman.

- 5. American Literature.—This course comprises the colonial period, the period of the revolution, the first national or creative period, the second national or creative period, and a study of some tendencies in our recent literature. Two hours. Juniors.
- Oratory and Public Speaking.—One hour. Freshmen and Sophomores.

First Course—Analytical and Corrective; The Factors of Expression; Voice Training; Speech Structure.

Second Course—Synthetical and Stimulative; Responsiveness; Original Speeches; Selections for Prize Speaking.

#### FRENCH.

0. Beginner's French.—This special course is provided for students who have not completed two years of French in high school. Three hours. Freshmen.

Grammar, pronunciation, dictations; Text-book: the New Chardenal entire. Reading: Bruno: Le Tour de la France.

 Intermediate French.—This course is intended for those who have completed two years of French, but who are not yet able to follow the classes in that language. It consists of the study of idiomatic French and of a thorough training in the principles of French syntax. Freshmen. Three hours.

Textbook: Carnahan, French Review Grammar.

Authors: Daudet, La Belle Nivernaise; Halévy, L'Abbé Constantin; Scribe and Legouvé, Bataille de Dames; Daudet, Le Petit Chose.

2. Advanced French.-Sophomore. Three hours.

Composition-Talbot, French Composition.

Authors: Racine, Athalie; Bazin, Les Oberlé; La Bruyère, Les Caractères; Daudet, Morceaux Choisis.

History of French Literature—The Renaissance, Ronsard, Rabelais, Montaigne. The XVII century, Corneille, Molière, Racine, Boileau, La Fontaine, Pascal, Bossuet, Bourdaloue, La Bruyère, Saint-Simon.

3. Advanced French.—Three hours. Juniors taking Education courses. Elective to other Juniors.

Composition-Marique and Gilson, French Composition.

Authors: Corneille, Le Cid or Polyeucte; Hémon, Maria Chapdeleine; Boileau. Selections: Bazin, Le Blé qui Lève.

History of French Literature—The XVIII Century. Montesquieu, Buffon, Voltaire, Rousseau, The Encyclopedists, the Salons, Massillon, Fléchier, A. Chénier.

4. Advanced French.—Three hours. Elective to Seniors.

One original composition every week on a literary or historical topic.

Authors: Molière, Le Misanthrope or L'Avare; Balzac, Eugénie Grandet; V. Hugo, Hernani; Bourget, Morceaux Choisis.

History of French Literature—XIX Century—Chateaubriand, Mme. de Stael, Romanticism, Lamartine, V. Hugo, A. de Vigny, A. de Musset, the Parnassiens and the Symbolistes. The Novel: Stendhal, Balzac, Flaubert, Georges Sand, Zola, Bourget, Bazin. History and Literary Criticism.

#### GREEK.

- 0. Beginner's Greek.—For Freshmen admitted without Greek. This course supplemented by summer work, will enable them to take College Greek in Sophomore year. Four hours. Freshmen.
- 1. First Course.—Three hours. Freshmen.

First Semester—Prose Composition: Arnold, 1 to 16; Exercises once a week.

Authors: Homer, Odyssey, I-IV, IX-XI; Tales from Herodotus. Second Semester—Prose Composition: Arnold, 16-37; Exercises once a week.

Authors: Euripides, Alcestis or another play; Plato, Apology or Crito.

2. Second Course.—Three hours. Sophomores.

First Semester—Prose Composition: Arnold, Nos. 37-52; Exercises once a week.

Authors: Sophocles, Antigone or Oedipus Tyrannus; Thucydides: Fall of Plataea, and Plague of Athens.

Second Semester—Prose Composition: Arnold, No. 52 to the end. Authors: Aeschylus, Prometheus Vinctus; Demosthenes, the Philippics or On the Crown.

- 3. Third Course.—Plato, Phaedo. New Testament: The Gospels. Weekly composition. Two hours. Elective to Juniors.

- 6. Fourth Course.—Cicero, De Senectute or De Amicitia; Seneca, Moral Essays. One composition a week. Two hours. Seniors.
- 7. Roman Literature.—One hour. Elective.

### MATHEMATICS.

1. Elementary Mathematical Analysis.—This course includes introductory conceptions, elementary functions, applications to geometry, general algebraic methods, the general polynominal function, functions of two variables, solid analytic geometry. Four hours. Freshmen and Pre-Medical 1.

### PHILOSOPHY.

1. Logic.—Seven hours, autumn term. Juniors.

Operations of the Intellect, simple apprehension, the Universals; Judgment, First Principles; Reasoning. Manifestation of these operations, words, propositions, syllogism: Modes of Knowing, definition, division, argumentation, sophistry. Certainty: Existence, nature, evidence (supreme motive). Intrinsic Criteria of Certainty: external senses, internal senses, intellect. Extrinsic Criteria: Testimony, human and divine. Method, analysis, synthesis

2. Ontology.—Seven hours, winter term. Juniors.

Notion of Being, essence, existence, possibilities. The attributes of being: Unity, Truth, Goodness. Order, Beauty, Perfection, Substance, Accidents. Causality, efficient, material and formal, final.

3. Psychology.—Seven hours, spring term. Juniors.

Faculties of man, vegetative life; sensitive life; external and internal senses; sensitive appetite. Intellectual life, intellect agent and patient. Will, Liberty. Origin of ideas. Nature of man, human soul, its simplicity, its spirituality, union of body and soul. Origin of man, of his body, of his soul. Future life: Immortality of the human soul—Resurrection.

4. Cosmology.—Seven hours, autumn term. Seniors.

Lectures, recitations and laboratory work. Field study. Five hours, first semester. Required Pre-Medical 1. Elective to Juniors.

St. Michael's High School

# TEACHING STAFF.

- REV. EUGENE ALLIOT, S. S. E. Instructor in French.
- Rev. Charles A. Dodge, S. S. E. Instructor in Religion.
- Dennis Fox
  Instructor in Mathematics.
- JOHN F. PYNE, A. B.

  Instructor in English.
- Francis S. Quinlan, A. B.

  Instructor in Physics and Chemistry.
- Leo M. Bellerose, A. B.

  Instructor in Latin and French.

# Requirements for Admission.

Applicants for admission into the First Year of the High School Department of St. Michael's must give satisfactory evidence of having successfully completed the usual eight-year grade work, and must present a letter of recommendation from some responsible person showing good moral character. This letter should be written preferably by the parish priest of the applicant.

## Courses of Studies.

There are two courses of studies open to St. Michael's High School students: Classical and Latin-Scientific. They are both four-year courses.

In the tabular lists of subjects for each course printed below, those not in italics are obligatory for graduation, while some of those in italics must be taken in order to make up the necessary 90 credits for a diploma. This choice is left to the discretion of the Prefect of Studies.

Following is the schedule of the High School courses. Each subject is succeeded by the number of hours or credits allowed:

# Grades of Work and Class Standing.

Work is rated in percentages, as follows:

Sixty per cent. is the lowest grade recorded in any subject. A term average below 60% in any subject cannot be made up by the average of the other term, but only by a successful reexamination or by repeating the work of that term.

Seventy per cent. is the lowest *Passing Grade* for credit in any subject (yearly average).

Eighty per cent. is *Certificate Grade* in subjects required for college entrance.

The Class Standing, or class average, in the High School Department is graded and designated as follows:

- A. No subject below 60,20 credits of certificate grade (80%),10 of these of at least 85%.
- B. No subject below 60,20 credits of passing grade (70%),10 of these of certificate grade (80%).
- C. 20 credits of passing grade (70%).
- D. Failure to obtain grade C.

<sup>\*</sup> One year of History-Ancient, Modern or American-is obligatory.

# Marks and Averages.

Students receive every week, for each subject of study, the average of their marks for lessons and tasks. These marks are published every Tuesday with the weekly marks of discipline.

In the course of every month a test is given by the teacher in each subject and the percentages recorded. Instead of a single monthly test, several partial tests may be given.

The average of weekly marks is combined equally with the monthly average in any subject. Monthly averages are published in the same manner as the weekly marks.

## Examinations and Records.

At the end of each semester, in January and June, regular examinations are held on the program assigned for the semester in each subject. These are usually written examinations, with additional oral examination in English and other languages.

The examination mark in a given subject is combined equally with the average of monthly marks to make the half-yearly mark, or term average, in that subject.

The final mark for the year's work is the average of the two half-yearly marks.

As explained above, no final mark is recorded in a subject unless the term averages reach at least 60%, separately.

A 90% average of monthly marks in a subject dispenses from the examination in that subject.

Members of the graduating classes are dispensed from the June examination in any subject for which the average of the monthly marks is 75%.\*

In the above cases, and whenever the examinations are duly dispensed with, the average of monthly marks is recorded as term average.

<sup>\*</sup> Subjects required for College entrance being excepted. In these the general average for the year should reach 80%.

## Re-examinations.

Re-examinations are granted in December and April to students who have failed in the regular semi-annual examinations, provided the monthly marks average at least 60%. Application should be made to the Prefect of Studies before November 1st and March 1st, respectively, and should be accompanied by a fee of \$1 for each subject.

The mark obtained in a successful re-examination is substituted for the final mark of the semester.

## Entrance Examinations.

Entrance examinations are given on the day before the reopening of school in September to the following classes of applicants:

1st, to candidates for admission who cannot otherwise give satisfactory evidence of having completed the prescribed work.

2nd, to students who, during the preceding year, failed to secure even conditional promotion.

Application for entrance examination should be made before September 1, and be accompanied by a fee of \$1 for each subject.

# Promotion.

While the full schedule of studies is to be followed by all students in their respective classes, equal success is not required in all subjects.

For regular promotion, in June, to the next year's work, a class standing of grade C is required. Subjects expressly required for promotion may be found in the schedule of studies.

Conditional promotion may be granted, provided that conditions on expressly required subjects be removed by an entrance examination or by a re-examination in December.

## Graduation.

A diploma is awarded regularly after four years to students who have obtained during that time a total of 90 credits in work of passing grade. This includes all subjects not printed in italics in lists of courses.

## Honors and Awards.

At the monthly reading,  $Honor\ Cards$  are awarded to deserving students.

The *First order* is awarded for a standing of grade A in both studies and discipline.

The Second order is awarded for a standing of grade B, at least, in both studies and discipline.

## Prizes.

*Prizes* are generally awarded at the end of the school year, according to the following rules:

When the prize is presented for a designated subject, candidates must have attained grade B in their class standing for each half year (June examination not included), and an average of 85% in the designated subject. The highest average in that subject secures the prize.

Prizes presented without designation of subjects are distributed among the classes. Students with a class standing of grade A (for each half year) are candidates, and the candidate whose best twenty credits yield the highest average is awarded the prize, either with the mention "Class Standing," or with mention of the winner's best study.

Honorable Mention may be made of the next best candidates.

# COURSES OF INSTRUCTION.

# Organizations

## RELIGIOUS SOCIETIES.

# Sodality of the Blessed Virgin Mary.

Besides fostering a special devotion towards the Mother of God, this religious association aims at developing in its members those sterling virtues which constitute the ideal Christian young man. Its members are taken chiefly from the College Course. At the meetings, which are held weekly, a series of lectures is given on Christian Ethics. This Sodality was established at the College, March 25, 1906, and was aggregated to the Roman "Prima Primaria," June 1, 1907.

# THE CATHOLIC STUDENTS' MISSION CRUSADE.

This society was organized at St. Michael's, May 15, 1920. The Crusade is a federation of Students' Societies in which mission work is done. The collections taken up among the students are disposed of towards the welfare of the different foreign missions. A quarterly report of the mission activities is sent to the Executive Board, Mt. St. Mary's Seminary, Mt. Washington Station, Cincinnati, Ohio, and also a yearly per capita tax of 25 cents to defray the expenses of conducting the organization. Alms-giving, prayer and self-sacrifice as means of spreading the Holy Faith constitute the aim of the Catholic Students' Mission Crusade. This movement is under the direction of the Catholic University at Washington and has met the hearty approval of the Hierarchy. All the students are eligible to membership. Meetings are held monthly.

# LITERARY SOCIETIES.

# Newman Lyceum.

The Newman Lyceum is the literary society of the Collegiate Department. It was organized in 1909 and takes its name from the famous English Cardinal and noted literator, John Henry Newman.

The object of the Lyceum is to encourage literature as an art and to arouse an interest in the young men concerning the

leading questions of the day. At the meetings, which are held bi-monthly, papers treating of literary, social or religious topics are read and criticized by the members. Debating also is one of the Club's activities.

"The Purple and Gold." The special work of the Newman Lyceum, and one which affords a great opportunity for the development of literary talents, is the editing of "Purple and Gold," the College Quarterly. "Purple and Gold" was founded by the Lyceum in 1917 and first appeared under the form of a typewritten monthly bulletin. In 1919 "Purple and Gold" was firmly established as a quarterly. Its editors are College men chosen from the members of the Newman Lyceum. "Purple and Gold" has been admitted to the United States Mails as second class matter, having been entered December 5, 1919, at the Post Office at Burlington, Vt. It has a subscription list of about 800.

## MUSICAL ORGANIZATIONS.

That Music plays a very important part in the life of man cannot be denied by the student of human nature, for man is by nature inclined both to express the beautiful and to be impressed by it. The arts are a standing proof of this fact and as music is one of the arts, it follows that its place in life cannot be underrated. Realizing the importance of music in college life, and as an accomplishment which fits the citizen of tomorrow to be of service to his community, St. Michael's, though small and far from being rich, has always maintained a creditable band, orchestra and choir.

## ST. MICHAEL'S ALUMNI ASSOCIATION.

M. N. L'ECUYER

The aim of this organization is to foster and maintain the friendly relations and interests which were formed among the sons of St. Michael's during their college days, and to unite in working for the welfare of their Alma Mater. The idea of forming this Association was proposed on Commencement Day, June 19, 1919, by Rev. P. A. Nolin, '13, seconded by Rev. B. W. Mc-Mahon, with the unanimous agreement of all Alumni present. A fee of \$1 per annum is exacted from each member; the annual reunion usually is held on Commencement Day, in June.

# ST. MICHAEL'S ATHLETIC ASSOCIATION.

The Faculty have not overlooked the importance of athletics, being aware that they play a considerable part in the physical and even in the moral training of the students. It is the aim of the Athletic Association to put St. Michael's athletic teams on a par with those of other colleges. It strives to stimulate college spirit, to keep the students physically fit, and to foster in them a high regard for the honor of the College on gridiron, floor and diamond. The supervision of athletics is in the hands of a member of the Faculty, and the students are assured of the best coaches obtainable in all branches of sports. The fee for athletics payable by each student at the beginning of the year entitles him to full membership in the Association.
